## SKILLS AND EXPERIENCE PROFILE

---

A strong academic and extensive empirical background and a diverse range of skills in programme and project management, policy formulation, basic and applied research, programme evaluation and data collection methods. Proven experience in applying these skills across domains such as household poverty studies, baseline studies, design and implementation of surveys, quantitative and qualitative data collection methods including participatory rural appraisal and numerous long term and short term evaluation work across government and community projects and programmes. Work experience has been obtained in South Africa and within major projects initiated and completed in the following themes and sectors:

- Public Works Programmes: evaluation and assessment
- Sanitation and solid waste sector: project evaluation
- Vulnerability and risk: household poverty studies
- Water sector: transformation and management systems
- Socio-economic impact assessments – ranging from casinos to dams
- Design and implementation of large scale and micro cosmic quantitative surveys
- Design and implementation of qualitative data collection in a wide range of sectors
- Project evaluation and assessment in a wide range of projects
- Focus on networks and social capital
- Focus on labour market security and job creation
- Social cohesion and community driven development
- Empowerment and capacity building for deepening democracy
- Collaboration with universities for post-graduate learners
- Excellent writing skills both for academic journals and business/proposal/project reports

## EMPLOYMENT HISTORY

---

### *Current*

#### **Freelance research consulting (March 2003 to current)**

- Currently providing consulting services to public and private sector in domains such as water sector, project evaluation, surveys (includes data analysis and presentation of findings). Particular focus on networks and neighbourhoods: themes of empowerment, economic production, community driven development and social capital

**Research Associate: Networks and Neighbourhoods Programme: African Water Issues Research Unit (AWIRU)**, Centre for International Political Studies, University of Pretoria

### *Previous*

#### **1989 – 1994: Southern Africa Labour and Development Research Unit**

Personal Assistant to Director: Professor Francis Wilson. Research assistant for Project for Statistics on Living Standards and Development, funded by the World Bank, Washington DC, in collaboration with the new government. A national baseline living standards survey: 9000 households – standardised poverty measures and anthropometric module. The data captured during this study has been used extensively by both international and local researchers (and has informed the Poverty Study produced for the Deputy Minister's Office - June 1998)

#### **1994 – 1995: Translation in Toulouse, France**

#### **1996/97: Department of Water Affairs and Forestry (DWAF)**

- Capacity building and training audit: Western Cape and Northern Cape
- Social Impact Assessments: Goodwood Casino, Belhair Olympic Stadium
- Conference on Children, Water and Development
- National Water Conservation Campaign

#### **1997/98: Southern Africa Labour and Development Research Unit**

- Performance of Labour Intensive Public Works in the Western Cape Province: Evaluation and case studies for the Working for Water Programme (DWAF). Collaborative project with International Food Policy Research Institute (IFPRI: Washington DC)Cape
- Social Impact Assessments for DWAF: Aspoort Dam Project
- Provincial Development Council: Human Research Specialist Committee\

#### **2000 – 2003: Project Admin Africa. The role of trust in Public Administration: Funded by NUFU Norway**

- Within this context PhD Student: Department of Political Studies, University of Cape Town (current): Thesis topic: Institution building and the role of trust: catchment management agencies as examples of bottom up institution building: the role of trust and shame in explaining the gap between policy and its implementation
- The Admin Africa three year project examined trust and the role of social capital in development. Included papers, discussions – both theoretical and practical aspects of social cohesion and social capital, including understanding of philanthropy and reciprocity

## **2000 – 2001: Southern Africa Labour and Development Research Unit (Saldru)**

- Field Director: Survey on Poverty and Labour Market (Mellon/Saldru) Khayelitsha/Mitchells Plain 2000
